GISERA Communiqué

National Management Committee Meeting #3
11 August 2016

The GISERA National Research Management Committee held its third meeting on 11 August 2016 at QCG offices in Brisbane.

Overall, GISERA has committed \$15.6 M to ongoing research projects and the 25 research projects are an average of 76% completed.

The GISERA Director noted that there had been 44 engagements during the latest quarter, bringing the total engagement since GISERA's commencement to 646.

The National Research Management Committee approved an amendment of the Hydrocarbons in groundwater, Surat and Bowen basins Project.

It was noted that two biodiversity projects on 'fire ecology of grassy woodlands', and 'habitat selection by two focal species' projects have been completed with final reports available on the website.

An update on the multi-step process to identify and approved tranche 2 projects in NSW was presented.
