## GISERA Communiqué

National Management Committee Meeting #8  
13 February 2018

CSIRO's GISERA National Research Management Committee held its eighth meeting on 13 February 2018 at Shell/QGC offices, Brisbane and via telephone.

The GISERA Director noted there had been 44 engagements in the October - December quarter and there is a new video on the GISERA homepage to further explain GISERA operations and research activities.

The National Research Management Committee noted that the South Australian Government has partnered with GISERA to conduct research in South Australia's South East (Otway Basin area).

GISERA's second Stakeholder Roundtable Group meeting will be held in June 2018 and the agenda is currently being developed.

Updates for New South Wales and Queensland include:

- Of the 9 NSW projects - 2 are now completed, 5 will be finalised in the next few months and the remaining 2 projects to be completed later this year.
- Of the 30 QLD projects - 20 are now completed, 6 will be finalised in the next few months and the remaining 4 projects will be completed later in the year.
